- Ledbetter, C., Moore, A.L., Mitchell, T. (2017). Cognitive effects of ThinkRx cognitive rehabilitation training for eleven soldiers with brain injury: A retrospective chart review. *Frontiers in Psychology, 8*(825). doi: 10.3389/fpsyg.2017.00825. Retrieved from <https://www.frontiersin.org/articles/10.3389/fpsyg.2017.00825/full>

- Ledbetter, C., & Moore, A. (2018). Neuroimaging outcomes of a cognitive rehabilitation training program. *Journal of Neuroimaging*, 28(2), 225-233. doi: 10.1111/jon.12507. Retrieved from https://www.gibsonresearchinstitute.org/wp-content/uploads/2018/03/Neuroimaging-Outcomes-of-a-Cognitive-Rehabilitation-Training-Program_-J-of-Neuroimaging-excerpt.pdf
- Ledbetter, C., Faison, M.O., & Patterson, J. (2016). *Correlation of cognitive training gains and resting state functional connectivity*. Presented at Society for Neuroscience, November 2016, San Diego, CA. Retrieved from https://www.gibsonresearchinstitute.org/wp-content/uploads/2016/11/SFNposters_CLedbetter.pdf
- Luckey, A. J. (2009). *Cognitive and academic gains as a result of cognitive training*. Retrieved from ProQuest Dissertations and Theses. UMI No. 3391981
- Moore, A.L., Carpenter, D.M., Ledbetter, C., & Miller, T.M. (2018). Clinician-delivered cognitive training for children with attention problems: Transfer effects on cognitive and behavior from the ThinkRx randomized controlled trial. *Neuropsychiatric Disease and Treatment*, 14, 1671-1683. doi: 10.2147/NDT.S165418. Retrieved from <https://www.ncbi.nlm.nih.gov/pmc/articles/PMC6027847/>
- Moore, A.L., Carpenter, D.M., Miller, T.M., & Ledbetter, C., (2019). ThinkRx Cognitive Training for Adults over Age 50: Clinician-Caregiver Partners in Delivery as Effective as Clinician-Only Delivery. *Psychology and Neuroscience*, 12(2), 291-306. doi: 10.1037/pne0000162. Author's copy available at https://www.gibsonresearchinstitute.org/wp-content/uploads/2019/02/ThinkRx-for-Adults-Over-50_Psy-and-Neuroscience_2019.pdf
- Moore, A.L., Carpenter, D.M., Miller, T.M., & Ledbetter, C. (2019). Comparing Two Methods of Delivering ThinkRx Cognitive Training to Children Ages 8-14: A Randomized Controlled Trial of Equivalency. *Journal of Cognitive Enhancement*, 3(3), 261-270. doi.org/10.1007/s41465-018-0094-z. Retrieved from <https://link.springer.com/article/10.1007/s41465-018-0094-z>
- Moore, A.L., & Ledbetter, C. (2019). The Promise of Clinician-Delivered Cognitive Training for Children Diagnosed with ADHD. *Journal of Mental Health and Clinical Psychology*,

3(3), 3-8. doi: 10.29245/2578-2959/2019/3.1180. Retrieved from <https://www.mentalhealthjournal.org/articles/the-promise-of-cliniciandelivered-cognitive-training-for-children-diagnosed-with-adhd.pdf>

Moore, A.L., & Miller, T. (2018). Reliability and validity of the revised Gibson Test of Cognitive Skills, a computer-based test battery for assessing cognition across the lifespan. *Psychology Research and Behavior Management, 11*, 25-35. doi:10.2147/PRBM.S152781. Retrieved from <https://www.ncbi.nlm.nih.gov/pmc/articles/PMC5813948/>

Moore, A.L., James, R., Carpenter, D., Miller, T., & Ledbetter, C. (2018). *MRI and Neuropsychological Outcomes following a Functional Medicine Intervention with Cognitive Training in Mild Cognitive Impairment (MCI): A Multiple Case Study*. Presentation at American Psychological Association Annual Convention, August 2018, San Francisco, CA. Retrieved from https://www.gibsonresearchinstitute.org/wp-content/uploads/2019/01/2018-APA_MCI-Poster_Moore-et-al.pdf

Moore, A.L., & Ledbetter, C. (2018). *MRI, qEEG, & neuropsychological outcomes following cognitive rehabilitation training for severe traumatic brain injury: A clinical case study*. Presentation at Brain Injury Summit, Jan 2018, Vail, CO. Retrieved from https://www.gibsonresearchinstitute.org/wp-content/uploads/2018/01/2018-TBI-Summit-Presentation_MooreLedbetter_web.pdf

Moore, A.L., Ledbetter, C., & Carpenter, D. (2017). MRI and neuropsychological outcomes following cognitive rehabilitation training in traumatic brain injury: A Multiple case study. Presented at Society for Neuroscience, November 2017, Washington, DC. Retrieved from https://www.gibsonresearchinstitute.org/wp-content/uploads/2017/11/2017-SFN_MooreLedbetterCarpenter.pdf

Moore, A.L., & Ledbetter, C. (2017). *Beyond Attention: Memory and Processing Speed Deficits Dominate Cognitive Profiles in ADHD Across the Lifespan*. Presented at American Psychological Association Annual Convention, August 2017, Washington, D.C.

Retrieved from https://www.gibsonresearchinstitute.org/wp-content/uploads/2017/08/2017APA_Ledbetter-Moore-poster.pdf
